

Geneva Academy of International Humanitarian Law and Human Rights

Founded in 2007, the Academy aims to provide instruction of a high academic standard in French and English, to conduct and promote legal research, to organize training courses and expert meetings, and to provide legal expertise in all branches of international law relating to situations of armed conflict.

Partners:

The Swiss Human Rights Book series was initiated and supported by the Swiss Department of Foreign Affairs and coordinated by the University of Zurich, and published by Rüffer & Rub. Volume 3 was prepared by the Geneva Academy of International Humanitarian Law and Human Rights and Realizing Rights: The Ethical Globalization Initiative. See further the book series' website www.swisshumanrightsbook.com.

The Geneva Academy of International Humanitarian Law and Human Rights is a joint endeavour of the Law Faculty of the University of Geneva and the Graduate Institute of International and Development Studies. The University of Lausanne, the International Committee of the Red Cross (ICRC), the United Nations High Commissioner for Human Rights, and the Swiss Federal Department of Foreign Affairs also contribute to achieving the objectives of the Academy.

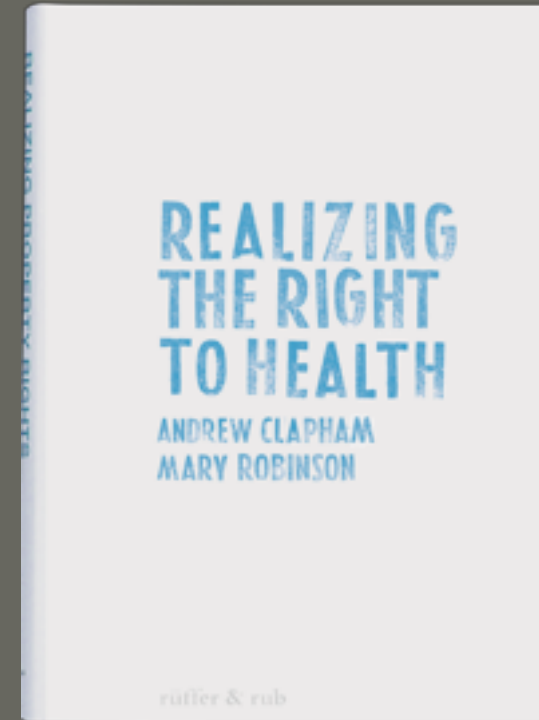

Realizing Rights: The Ethical Globalization Initiative works to put human rights standards at the heart of global governance and policy-making. In the field of health, Realizing Rights fosters political leadership and new tools of accountability through health workforce capacity, health financing and women's health.

Invitation

Please join us for a reception in Parc Barton (outside the cafeteria of the Graduate Institute) after the symposium to celebrate the launch of the book *Realizing the Right to Health*, Volume III in the Swiss Human Rights Book series, edited by Andrew Clapham and Mary Robinson, and co-edited by Claire Mahon and Scott Jerbi.

Symposium participants and those unable to attend the symposium are all warmly invited to attend the book launch.

Official Launch

Realizing the Right to Health will be officially launched by:

Ambassador Thomas Greminger, Head of Political Affairs, Division IV-Human Security, Federal Department of Foreign Affairs, Switzerland

Dr Francis Chevenal, Senior Associate Member, St. Antony's College, University of Oxford, on behalf of the Editor of the Swiss Human Rights Book series

Andrew Clapham and Mary Robinson, editors of Realizing the Right to Health

Registration and further information

Attendance at the international symposium and book launch are free of charge. Please RSVP to Ms Ioana Cismas, indicating whether you will attend the symposium, book launch, or both, at ioana.cismas@graduateinstitute.ch. If coming by car and wanting to park at the Graduate Institute, please obtain a parking permit on the day from the reception desk at Villa Barton.

About the book *Realizing the Right to Health*

Contains 40 chapters by 60 leading health care practitioners, human rights advocates, health officials, and other experts in the international right to health movement. Chapters cover eight core topics: the human rights perspective on health, prioritizing women's health, right to health in emergencies, people & groups at risk, key health challenges, multilateral institutions and responses, the role of health care practitioners, and strengthening health care systems.
